# ABOUT RIKÄ TOOLS

Rika is a leading fixing and fasteners brand created in the UK from Scandinavian roots. Rika delivers high performing power tool accessories and construction consumables for the professional user and trade. Reliability and durability will not be compromised. Rika, where quality is guaranteed.

Rika is sold through leading independent builders' merchants and trade counters in the UK to end users. More stockists are coming onboard as the brands grows in the UK and throughout Europe. If you as a stockist want to be part of this growth journey, then contact us today.

Rika is now owned by SGS Engineering which was established in 2003 and SGS Engineering is part of Storskogen AB, a leading Swedish listed business. Our new Rika website allows stockists to log in to their accounts, reorder for replenishment and track the status of orders. Dedicated account managers are on hand for personal review of ranges and order enquiries.

Rika products are also sold at recommended retail prices at [SGS-Engineering.com](https://SGS-Engineering.com) as this establishes the brand in the retail sector and does not target the end user market so is not conflicting to our Rika stockists.

# Manage Your Stockist Account Online

Easily track your orders,  
access convenient re-ordering options,  
and stay updated on pricing & promotions

— all through the new RIKÄ website.

### Rikä Wood Auger Drill Bit

Designed for Woodworking:  
Ideal for soft and hard wood drilling.

Hex Shank: Ensures secure chuck lock.

Sharp Pitched Screw Tip:  
Provides easy starts.

Spiral Flute Design: Enhances depth and accuracy.

High-Grade Carbon Steel:  
Ensures sharpness & longevity.

Compact Options Available:  
Stubby bits for tight spaces.

### Rikä SDS Plus Drill Bit

Designed for Professionals: Ideal for hammer drilling in stone and concrete.

SDS Plus Shank: Enables easy one-handed insertion.

Deep U-Flute Design: Ensures maximum debris removal.

Strike-Resistant Carbide Tip:  
Enhances durability and longevity.

Strengthened Core: Reduces vibration for better control.

PGM Certified: Meets precision and quality standards.

## Metal Cutting Discs

Experience the unmatched speed and precision of Rika metal cutting discs. Engineered to rigorous European standards, these discs deliver consistent, long-lasting performance on steel and iron. Effortlessly slice through mild, sheet, and high-grade steel. Rika discs provide clean, efficient cuts, making even the toughest metalwork a breeze.

Product Code	Diameter (mm)	Thickness (mm)	Bore Diameter (mm)	Power Tool
ABRR001	115	3	22.23	Angle Grinder
ABRR002	125	3.2	22.23	Angle Grinder
ABRR003	230	3.2	22.23	Angle Grinder
ABRR004	300	3.5	20	Angle Grinder
ABRR005	350	2.8	25	Mitre/Chop Saw

## Metal Grinding Discs

Upgrade your grinding experience with the Rikä Grinding Disc! Built for professionals, this high-performance tool delivers smooth, consistent results with minimal effort. Designed for durability, it ensures long-lasting performance, making tough jobs easier. Manufactured to European quality standards and meeting O.S.A safety regulations, it's a reliable choice for any serious craftsman.

Product Code	Diameter (mm)	Thickness (mm)	Bore Diameter (mm)	Max RPM
ABRR006	115	6	22	13200

## Metal Slitting Discs - Multicut

Experience precision and power with the Rikä Metal Slitting Disc Multicut! Designed for fast, clean cuts with minimal friction, this high-performance disc effortlessly slices through stainless steel and other metals. Whether you're a trade professional or a dedicated DIYer, this premium cutting solution ensures durability and efficiency. With a long service life and exceptional cutting speed, Rikä delivers reliability in every pack. Supplied in a convenient 10-pack.

Product Code	Diameter (mm)	Thickness (mm)	Bore Diameter (mm)	Pack of	Power Tool
ABRR007	115	1.2	22	10	Angle Grinder

## INOX Stainless Steel Cutting Discs

Cut with confidence using the Rikä INOX Stainless Steel Cutting Discs! Designed for precision and speed, these high-performance discs deliver clean, effortless cuts in stainless steel and other metals. With minimal friction, they reduce heat buildup and prevent corrosion, ensuring durability and reliability.

Product Code	Diameter (mm)	Thickness (mm)	Bore Diameter (mm)	Pack of	Max RPM
ABRR008	115	1.2	22.23	10	13300
ABRR009	125	1	22.23	10	13300
ABRR010	230	1.8	22.23	10	13300

## Pole Sander Sheets

Achieve a flawless finish with Rikä Pole Sander Sheets! Designed for professionals, these high-quality sanding sheets deliver durability and efficiency for drywall, plaster, paint, and more. Whether you're smoothing joint compounds or refining surfaces, their versatility ensures top-tier performance. Suitable for both hand and pole sanders, they offer flexibility for any project. With a perfect balance of surface coverage and precision, this 25-pack keeps you ready for every task.

Product Code	Height (mm)	Width (mm)	Grit	Pack of	Material
ABRR013	100	280	120	25	Resin Bond Aluminium Oxide
ABRR014	100	280	150	25	Resin Bond Aluminium Oxide
ABRR015	100	280	180	25	Resin Bond Aluminium Oxide

## Perforated Drywall Sanding Discs

RIKA Perforated Drywall Sanding Discs deliver smooth, efficient sanding on drywall, plaster, paint, and more. The durable resin bond ensures long-lasting performance, while the hook-and-loop backing allows for easy disc changes. Designed with perforations for enhanced dust extraction, these sanding discs help maintain a cleaner workspace, making projects faster and more efficient.

Product Code	Height (mm)	Grit	Pack of	Material
ABRR017	225	80	25	Resin Bond Aluminium Oxide
ABRR019	225	120	25	Resin Bond Aluminium Oxide
ABRR020	225	150	25	Resin Bond Aluminium Oxide
ABRR021	225	180	25	Resin Bond Aluminium Oxide

## Pro Zirconium Flap Discs

Enhance your grinding experience with the Rikä Professional Zirconium Flap Discs! Designed for maximum performance, this high-quality disc delivers exceptional stock removal, blending, and finishing on metal surfaces, including stainless steel. Its lightweight fiberglass backing absorbs vibrations for a smoother, more comfortable experience, while the premium Zirconium grain ensures long-lasting durability. With reduced vibration, anti-clogging technology, and professional-grade reliability, this flap disc is built to perform.

Product Code	Diameter (mm)	Bore Diameter (mm)	Grit	Pack of	Material
ABRR023	115	280	40	10	Zirconium Grain
ABRR024	115	280	60	10	Zirconium Grain

## Multi Blade Set

Take your cutting tasks to the next level with the Rikä Multi-Tool Blade Set! This versatile 8-piece set is designed for both professionals and DIYers, offering a variety of high-quality blades for precise and efficient cutting. With universal compatibility, it works seamlessly with major tool brands including DeWalt, Ryobi, Fein & Bosch, Makita, Metabo, Milwaukee, Einhell, Erbauer, Craftsman, Smart, AEG, and many others, ensuring flexibility for any project. Engineered for sharpness, accuracy, and durability, Rikä blades provide reliable performance every time.

Product Code	Blade Types (QTY)	Width Range (mm)	Shank Type	Power Tool
MTB8SET	JT(2), FT(4), BIM(2)	34-44-68	Universal	Multi Tool

## Rapid Wood Blade Set

Tackle any wood project with the Rikä blade sets. Enjoy effortless blade changes and seamless compatibility with your favorite multi-tools. This versatile set delivers sharp, reliable cuts, boosting your efficiency whether you're a professional or a DIY enthusiast. Get the job done right, every time, with Rikä.

Product Code	Blade Types (QTY)	Width Range (mm)	Shank Type	Power Tool
MTB6WSET	Rapid Cut Wood(6)	32-64	Universal	Multi Tool

## Japanese Tooth (JT) Blades

The Rikä is an advanced multipurpose pack of 3 blades, designed for both professional tradespeople & DIY enthusiasts. These popular Japanese wood blades deliver both fast cutting results and provide an aggressive and precise cut. This makes them an ideal choice for tasks such as timber overlay flooring, working with plastics, and carrying out finishing work on timber projects.

Product Code	Blade Width (mm)	Pack of	Shank Type	Power Tool
MTB32JT	32	3	Universal	Multi Tool
MTB34JT	34	3	Universal	Multi Tool
MTB68JT	68	3	Universal	Multi Tool

## Fine Tooth (FT) Blades

Achieve flawless wood finishes with the Rikä Fine Tooth blades. These fine-cut blades offer speed and precision, delivering neat, controlled results. Enjoy seamless compatibility with your multi-tool, thanks to the universal quick-release shank. Switch blades easily and boost your project efficiency. Get professional, refined results without the hassle.

Product Code	Blade Width (mm)	Pack of	Shank Type	Power Tool
MTB34FT	34	3	Universal	Multi Tool
MTB68FT	68	3	Universal	Multi Tool

## Bi-Metal (BIM) Blades

Cut through anything with the Rikä Bi-Metal Blade pack. These durable blades offer long-lasting, precise cuts on wood, metal, and more. Enjoy effortless blade changes and universal compatibility with your favorite multi-tools. Boost your productivity with clean, reliable performance. Tackle any project with confidence, knowing Rikä delivers professional-grade results every time.

Product Code	Blade Width (mm)	Pack of	Shank Type	Power Tool
MTB34BIM	34	3	Universal	Multi Tool
MTB44BIM	44	3	Universal	Multi Tool
MTB64BIM	64	3	Universal	Multi Tool

## Extreme Diamond Blades

Tackle any job with the Rikä Diamond blades! These tough, versatile blades make cutting through concrete, brick, and more a breeze. Designed for professionals and DIYers alike, they fit most major multi-tool brands, saving you time and money. Switch blades quickly and keep working efficiently.

Product Code	Blade Width (mm)	Pack of	Shank Type	Power Tool
MTB62XD	62	3	Universal	Multi Tool

## Diamond Plunge Blades

Power through tough jobs with the Rikä Diamond Plunge Blades! These versatile diamond plunge cut blades are perfect for cutting concrete, brick, and more. Designed for pros and DIYers, they fit most popular multi-tool brands, making switching blades quick and easy. Get precise cuts and boost your efficiency on any project.

Product Code	Blade Width (mm)	Pack of	Shank Type	Power Tool
MTB32MBP	32	3	Universal	Multi Tool

## Insulation Buster Blades

Slice through soft materials with ease using the Rikä Insulation Buster blades! Perfect for insulation, foam, and more, these versatile blades are a must-have for pros and DIYers. Enjoy clean cuts and minimal dust. Designed to fit most multi-tool brands, they offer quick blade changes and boost your efficiency.

Product Code	Blade Width (mm)	Pack of	Shank Type	Power Tool
MTB100IB	100	3	Universal	Multi Tool

### Metal Cut Razor Pro Blades

Get smooth, reliable cuts in mild steel with Rikā saw blades. Crafted for professionals and DIYers, these blades stay sharp and strong. Enjoy clean, precise cuts with reduced heat and noise, even during extended use. Designed to fit most cordless circular saws, it's a versatile addition to your toolkit.

Product Code	Blade Width (mm)	Bore Width (mm)	No. of Teeth (angle)	Kerf (mm)	Material
TCTR001	136	20	30	1.6	65Mn HQ Steel
TCTR005	165	20	40	-	K20 Carbide
TCTR018	305	25.4	60 (-5°)	2.4	65Mn HQ Steel
TCTR020	355	25.4	66 (-5°)	-	K20 Carbide

### Wood Cut Razor Pro Blades

Achieve smooth, precise cuts in wood with the Rikā Wood Cut Saw Blades. Perfect for cordless saws, they offer effortless cutting in various materials. Enjoy fast, clean results with its durable design and sharp carbide tips. Work comfortably with reduced noise and heat. Ideal for professionals and DIYers, this blade delivers lasting performance and superior efficiency.

Product Code	Blade Width (mm)	Bore Width (mm)	No. of Teeth (angle)	Kerf (mm)	Material
TCTR002	160	20	48 (10°)	2.2	65Mn HQ Steel
TCTR004	165	20	24 (18°)	-	K20 Carbide
TCTR006	165	20	40 (18°)	-	K20 Carbide
TCTR007	165	20	48 (10°)	2.2	K20 Carbide
TCTR009	184	16	24 (18°)	-	K20 Carbide
TCTR010	184	16	40 (18°)	-	K20 Carbide
TCTR012	190	30	24 (18°)	1.4	K20 Carbide
TCTR013	210	30	60	-	K20 Carbide
TCTR014	216	30	48	-	K20 Carbide
TCTR015	235	30	24 (18°)	-	K20 Carbide
TCTR016	254	30	48 (0°)	-	K20 Carbide
TCTR017	260	30	60 (16°)	-	K20 Carbide
TCTR019	305	30	60 (0°)	-	K20 Carbide

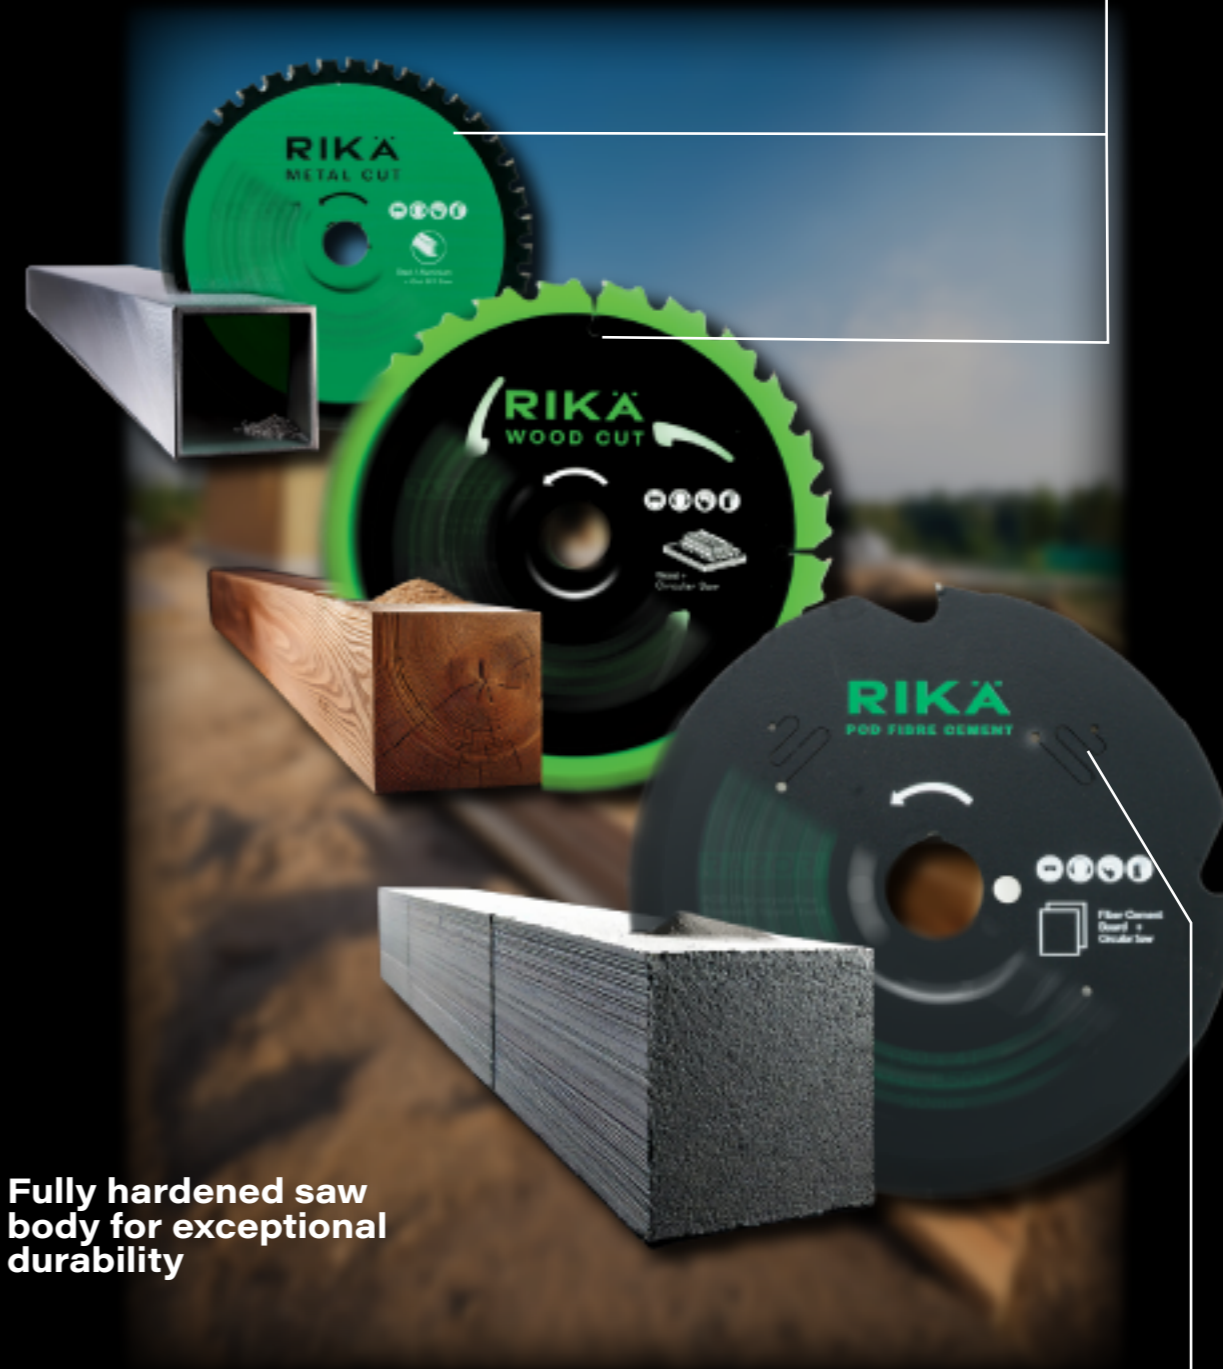

### PCD Fibre Cement Cut Razor Pro Blades

Cut fibre cement with confidence using the Rikā PCD saw blades. Built for long life and precision, they outlast standard blades. Enjoy smooth, accurate cuts with reduced dust, making your workspace cleaner. These versatile blades handle various materials like laminate and plywood. Perfect for pros and DIYers, the Rikā PCD delivers reliable, efficient performance every time.

Product Code	Blade Width (mm)	Bore Width (mm)	No. of Teeth (angle)	Kerf (mm)	Material
TCTR008	165	20	4	1.8	Polycrystalline Diamond
TCTR011	190	30	4 (12°)	1.4	Polycrystalline Diamond

Expansion slots for cooler and quieter operation, enhancing your work experience

Fully hardened saw body for exceptional durability

Anti-vibration body slots and precision ground tips, providing a smooth and accurate cutting experience.

### HSS Blacksmith Drill Bits

Drill through metal with confidence using the Rikā Blacksmith Drill Bits. Built for professionals, tough and long-lasting. Get precise, clean holes with less risk of breakage. Its special design ensures smooth, reliable drilling. Perfect for most drilling machines, these Rikā bits deliver consistent performance.

Product Code	Shank Size (mm)	Conical Section (°)	Length (mm)	Diameter (mm)	Pack Of
HSSR062	12	118	151	12	5
HSSR063	13	118	160	14	1

### SDS Plus Steel Drill Bits

Break through stone and concrete with the powerful Rikä SDS Plus Steel Drill Bits. Designed for heavy-duty demolition, it delivers exceptional performance. Enjoy easy, one-handed operation and a secure fit. Built from robust, heat-treated steel, they are made to last. Tackle tough jobs with confidence and reliability.

Product Code	Length (mm)	Diameter (mm)	Type
SDSR087	250		Point
SDSR088	250	20	Chisel
SDSR089	250	40	Spade

### SDS Plus Tapcon Drill Bits

Drill into stone and concrete with ease using the Rikä Tapcon SDS Plus Drill Bits. Designed for professionals, it offers seamless, one-handed operation. Enjoy clean, efficient drilling with optimal debris removal. Its durable design and strike-resistant tip deliver powerful performance. Work comfortably with reduced vibration and high stability.

Product Code	Length (mm)	Diameter (mm)
SDSR124	180	5.15
SDSR125	210	5.15
SDSR126	310	5.15

### SDS Max Cutter Drill Bits

Power through tough concrete and stone with the Rikä SDS Max 2 Cutter Drill Bits. Designed for professionals, it delivers extreme drilling performance. Enjoy clean, efficient work with their unique debris removal system. Built for durability, they reduce vibration and ensure long-lasting use. Tackle any job with confidence.

NEW IN

**Accessories:** Comes with a tapered center drill bit, guide rod, drift key, and a handy aluminium case for easy transport and storage.

**Diamond Segments:** Ensures professional quality and durability.

**Steel Slotted Barrel:** Helps in the removal of debris during drilling.

**Adaptors:** Includes Hex and SDS Plus adaptors for different drilling machines.

The **Rikā Turbo Diamond Core Sets** are designed for fast, clean cutting and drilling in masonry, bricks, or blocks. This set includes five diamond core drill bits with sizes of **38mm, 52mm, 65mm, 117mm, and 127mm**. These bits are suitable for both wet and dry cutting, making them versatile for various applications.

# The Right Screw for Every Job

## Precision-Fit for Every Application

From drywall to specialist fasteners, our screws deliver performance and reliability. Explore the full range at [rikatools.com](http://rikatools.com).

# Nailed with Confidence

## Quality Fasteners for Every Task

No matter the job, trust Rika nails for a perfect hold. Explore the full range at [rikatools.com](http://rikatools.com).

### 1st Fix Collated Nails

Power up your projects with high-quality RIKA collated nails! Designed for strength and reliability, these nails ensure a secure hold for first-fix applications. Perfect for professional and DIY use, they offer seamless compatibility with leading nail guns, making every job faster and more efficient. Paired with fuel cells for uninterrupted workflow, they're built to tackle tough tasks with ease. Get the job done right—every time—with durable, high-performance nails that won't let you down.

Expanding Foam

Seal, insulate, and protect with our high-performance expanding foam. This versatile, fire-rated formula is perfect for a wide range of applications, from window installation to soundproofing. Enjoy precise application and economical consumption, all while contributing to a safer, more environmentally conscious project.

Product Code	Type	Size (ml)
SAFR002	Gun Grade	750
SAFR003	Gun Grade	750

Grab Adhesive

Bond anything, anywhere with Rikä Gripmax Solvent Free adhesives! This super-strong formula works on wood, metal, stone, and more. Perfect for indoor and outdoor projects, it eliminates the need for nails. Enjoy easy application, even on rough surfaces, with its fantastic grip and quick drying. Weatherproof and paintable, it's ideal for pros and DIYers.

Product Code	Type	Size (ml)	Application
SAFR005	Solvent Free	310	Multipurpose

Intumescent Sealants

Seal and protect with Rikä FIRE-X! This 4-hour fire-rated sealant stops smoke and fire, keeping you safe. Perfect for doors, walls, and more, it handles joints up to 35mm. Enjoy easy application and a smooth, paintable finish. Plus, it dampens sound for a quieter space. Trust Rikä for reliable fire and acoustic protection.

Product Code	Size (ml)	Colour
SAFR006	310	White
SAFR007	600	White

Silicone Sealants

Achieve a pristine, mould-free finish with Rikä silicone sealants. Perfect for kitchens and bathrooms, they seal and protect with lasting durability. Enjoy a bright, clean look that resists weather and temperature extremes. Its flexible, non-cracking formula bonds easily to various surfaces.

Product Code	Size (ml)	Colour	Application
SAFR008	310	White	Sanitary
SAFR009	280	Clear	General Purpose

Contact Adhesives

Get a fast, strong bond with the Fastbond Mitre Kit! This powerful adhesive set tackles tough materials like wood and plastic. Enjoy a drip-free application, even on vertical surfaces. Perfect for uneven or porous materials, it ensures a reliable hold every time.

Product Code	Size (ml)	Colour	Viscosity
SAFR010	200	Clear	High

Decorators Caulk

Seal and perfect your finish with Rikä Decorators Caulk! Ideal for gaps around windows, doors, and more, it delivers a smooth, flexible seal. Easy to apply and clean, it's perfect for pros and DIYers. Paintable once dry, it seamlessly blends with your decor. Enjoy a durable, waterproof finish, indoors or out.

Product Code	Size (ml)	Colour	Application
SAFR011	310	White	Universal

**The RIKÄ SAFR product line offers high-quality sealants designed for a variety of applications, ensuring superior performance and reliability.**

**These sealants provide excellent adhesion, flexibility, and durability, making them ideal for both professional and DIY projects.**

**Whether you need fire-rated, acoustic, or general-purpose sealants, RIKÄ SAFR products deliver outstanding results, maintaining their integrity and effectiveness even under extreme conditions.**

Marker Sprays

Create sharp, lasting lines with Rikä Acrylic Line Marker Spray. Perfect for car parks, sports fields, and more, it works indoors and out. Enjoy bright, durable lines that resist weather. Use it by hand or with an applicator for large areas. Its improved formula delivers clean, vibrant markings on various surfaces. Make your mark with precision and ease.

Product Code	Size (ml)	Colour
LMSR003	750	Green
LMSR004	750	Red
LMSR005	750	Blue
LMSR006	750	Yellow

Hammers

Power through projects with the Rikä Maxgrip Hammer! This strong, reliable hammer amplifies force for demanding tasks. Enjoy easy nail removal and precise placement with its magnetic starter. Work comfortably with the shock-absorbing, anti-slip handle. Built tough with high-carbon steel, it's a must-have for any toolbox.

Product Code	Type	Head Weight (oz)	Head Material
HTSR001	V-shape Claw	16	High-Carbon Steel

Tape Measures

Measure with confidence using the Rikä Fatboy PRO Tape Measures! The extra-wide blade and magnetic tip make measuring easy and accurate. Enjoy clear readings with the embossed blade, and secure locking with the automatic lock. Built tough for any job, its durable design includes a belt clip for convenience.

Product Code	Length (m/ft)	Blade Thickness (mm)	Blade Material	Blade Coating
HTSR006	5 / 16	0.12	Carbon Steel	Nylon
HTSR007	8 / 26	0.12	Carbon Steel	Nylon

Hand Saws

Cut faster and cleaner with the Rikä 20" Handsaw! Designed for pros, it powers through wood with ease. Enjoy aggressive cutting and efficient sawdust removal. Perfect for various wood types, it delivers precise results. The handle doubles as a handy angle guide. Get durable performance and improved productivity on every job.

Product Code	Blade Length (in)	Teeth per Inch	Tooth Type
HTSR019	20	7	2-G Hardpoint
